

ODA / NRF Equipment Management Standard Template

This workbook combines the installation log, equipment register, and inspection log in one file.

Item	Details
Contents	1) Setup 2) Installation Log 3) Equipment Register 4) Inspection Log
Automatic Inventory No.	Change the institution code / year / starting number in the Setup sheet and the Inventory No. will be generated automatically in the Equipment Register.
Recommended Use	Use the Equipment Register as the master asset register. Use the same Inventory No. in the Installation Log and Inspection Log.
Signature Blocks	Prepared / Checked / Approved(Confirmed) signature blocks are included at the bottom of the Installation Log, Equipment Register, and Inspection Log.
Audit Readiness	The Equipment Register includes Physical Check, Asset Label, Photo Evidence, Supporting Docs, and Audit Check columns.
Color Guide	Blue text = user input, light green = auto-calculation, green text = linked from Setup, yellow = example/caution.

Setup

Edit only the blue-font cells. These values are used for automatic numbering and linked fields in other sheets.

Setting	Value	Note
Project Name	LUPIC Project	Displayed in headers / for reference
Institution Code	TIIAME	Used in automatically generated Inventory No.
Inventory Prefix	INV	Example: INV
Installation Prefix	INS	Example: INS
Inspection Prefix	CHK	Example: CHK
Base Year	2026	4-digit year
Starting Number	1	Usually 1
Country/Site	Uzbekistan / TIIAME	Displayed in headers / for reference

Equipment Installation Log

Assign the Inventory No. in the Equipment Register first, then copy it here. Use this sheet to record installation history and on-site handover confirmation.

Project Name	LUPIC Project	Institution	Uzbekistan / TIAME
Document Date	05.06.26	Prepared By
